GCDS SUMMER CAMP

Week 1: Great Outdoors- This theme allows kids to get outside and explore the natural world. They might participate in camping, learn about plants and animals, and have fun getting active in the great outdoors.

Week 2: Outside the Box- Tap into your imagination and build to your heart's content. Jump in on activities and team challenges that inspire campers to create from their hearts and use their hands to explore their ideas and grow their incredible abilities and passion for being a MAKER!

Week 3: Mission Impossible- During this week, campers learn to use their detective skills to solve mysteries, investigate crime scenes, and complete nearly impossible challenges! They might participate in mock spy missions and learn about the skills and gadgets used by secret agents.

Week 4: Mad Science- Mad Science camps allow campers to become junior scientists for the week and embark on a series of science adventures like no other! From experiments, crazy builds, and so much more, this week of camp is guaranteed to be mad.

Week 5: Red, White, and Boom!- It's party time!! This week, campers get a chance to celebrate our great country and learn about some of our country's best celebrations. Campers can square dance like a true Texan, strut their stuff down the red carpet in California, eat and dance at a luau with some Hawaiian music, and so much more.

Week 6: Bricktastic!- If your camper loves to build, then this is the week for them. Campers will have many opportunities to build the coolest, tallest creations their minds can imagine. Each day, campers will get the opportunity to build something new with either Lego or Minecraft pieces. If your camper is a builder, then camp is where they need to be.

Week 7: Artful Expressions- Learn to see the way an artist does! Spend a week full of fun and excitement exploring a broad range of art. It's an opportunity to explore the medium or mediums of your choice; you won't want to miss it.

Week 8: Character-Con- There is no better way to get the kids invested in the superheroes and spies than to create their alter ego – their favorite character! During this fun-filled week, campers get the opportunity to tap into a part of themselves they love. From making their own ID badges, makeovers, and so much more, campers will get the chance to celebrate their favorite characters.

Week 9: Pocket Monsters- Campers can let their imaginations run wild as they learn about and play with Pokémon. Campers will get the chance to test their decks, make their own Pokémon, learn about trading culture, the rock-paper-scissors battle system, and so much more. If your camper is a Pokémon lover, then this is the week for them.
